Chapter 1

I am Eguchi Sei, a 2nd year highschool student. The level to pass through the upper level of senior high is so so, but anywhere there are the expected delinquency and bullies. I went reluctantly out on Sunday to buy a replacement for my petty smartphone that broke, and in a back alley of the electric district I found a strange smartphone shop.

An old woman in her late 70s wearing a hooded cloak furnished with black is the salesperson there. There is only one smartphone on the merchandise table, but is it profitable like? The shop is gloomy, and among such an atmosphere it feels like a fortune teller's house. Pretty much seems like she's been selling smartphones well since the table reads, 'I'm sorry we're sold out.'

"Welcome lad, do you need a replacement magic cellphone? Hehehe"

"Huh?"

Honestly, the old woman's creepy voice gives me a bad feeling.....

"See here, might this be able to grant your significant desire?"

"Huh? I want to ask about "Might" and among what significance?"

"Do you know capsule toys?"

"Grandma, I'm asking for an answer. Haa, well I'd know if it's one of those capsule toy charging games."

I can't see her face due to dim as ever shop and the cloth, it's assuredly.....so far I feel from this grandma a sense of intimidation and mystery but.....

"This is a mobile phone! It doesn't charge for a call, and both email as well as net are free of charge!"

".....But the cost is high?"

"The main part is also 100 yen, usually....."

"Usually?"

"If you knew this mobile's function, your pocket money will be lost lad, hehehe"

"Oi Oi, that's creepy Grandma. Besides this chat doesn't relate at all!"

"Don't get angry lad, how about it? Buy it and try it out for 500 yen, then if you don't like it I'll give you 1,000 yen."

I thought whether this also was a new scam, but I decided to keep this goddamn grandma company with talking about this. So~ my sixth sense says this person may fine, but it had better be working.

When the old woman receives the 500 yen that I held out, she returns 4 hundred yen coins back to me. I also receive the smartphone at the same time.

The design is the usual size and simple black, I became worried about there being no manufacturer name written anywhere, but the old lady said press the screen with my thumb, so I did just that.

『Authorization. Register owner by fingerprint entry. Please wait a moment.』

With Grandma's story I waited awhile and an ordinary mobile screen appeared, it seems it can already be used.

"Well, it's really nice if I don't need to charge calls, however.....it's somehow suspicious....."

"Hehehe, isn't that natural? Whether or not it's free of charge is something you need to decide lad. See the upper part of the cell phone. Put 100 yen there."

There is a hole where the 100 yen enters at the upper part of the smartphone. I carefully look at the characters, 'Insert 100 yen in the slot' is written in black.....

When I deposit 100 yen only the battery part of the backside pushes out a little, and a card the same size as the screen of the smartphone jumps out!?

『S S R A Personal Sex Slave Meat Toilet Bride』

Exclusive Use Female – How to Use – Set Picture

When the photo is set the target person becomes a Sex Slave Meat Toilet Bride for exclusive use of the contractor.

An outrageous explanatory note! In the lower left and top right corner of the platinum card is written with SSR, and a drawn picture of a woman attached to a collar is in the center. On the other side was a purple background and a magician's picture wearing a hood. I stare at the card in bewilderment.

"Hehe, lad! Nice luck. It would seem this is the first time a rare came out so easily. Now, you have a magician design as your application? Open it there."

I open the same application as the back's picture of the card and then it now instructs me to register a conventional mobile number, when I input a number and press OK seven icons came up.

☆Camera Mode

☆Lock Mode

☆Status

☆Points

☆Catalog

☆Trashcan

☆Capsule Level

The camera mode feature seems to be useless to take pictures unless it's used for this card's function. I'm told the infrared rays from the lock mode as well as a used card's specific function is only seen by me. Then if I take a photo by the cameras' function with the card I pulled, it would set it when I put it on the smartphone's screen. After that, it seems the activated card will be taken into the smartphone.

Written when I open the status with Level One is Power, Agility, Stamina, Wisdom, Mental Strength, and all 6 entries was 0 vitality. As for this 100% at the time of my registration is my ability, and distributing my Points to each status with an Point icon raises 1% with every 1 point.

Using card Points or accumulating experience levels by destroying cards in the trash can, apparently receives 'Level Raise.' The amount of experience is due to the types of cards basically destroyed, then apparently the way of using the experience points entered. After each time the level goes up it seems the probability of a rare card slightly goes up.

Next is the type of cards:

SSR – Super Special Rare

SR – Super Rare

R – Rare

G – Gold

S – Silver

N – Normal

The card that I pulled is ultra powerful. But regarding the low probability for rare and above it seems the Grandma produced the capsule toy level. It's difficult without failing whenever attempted to raise the level rate and being able to pull more than a gold.

"Now, the card only can't be used when you aren't using the smart phone. Also another person can't see the screen, as well as not hearing the sound with camera mode, and doesn't see the flash too. If the handheld and cards are stolen, even if it's stolen come back in two hours."

"Awesomeeeee! But are you serious with this card?"

"Seriously idly daddling! Look, it's better to draw out the other three cards now!

"Idlying! I understand!"

I put 300 yen in the smartphone and cards draws out. The pace of the grandma is.....perfection like to the cards I pulled.

『N – Sliding Banana』Set the card face down on the ground. Slides on a banana peel.

『N – Barrel Drop』Set the card face down on the ground. A barrel falls on the target's head causing great pain.

『G – Big Magnum』User sets the card by shouting it's name. Man's romance!

At last, some glittering card came!! The picture drawn on the card is that of a shining man, but.....

"Lad....."

".....Well, I am lucky! 『Big Magnum!』"

Raising the card by the right hand I shouted loudly. The card became participles and disappeared.

"At least one person sometimes shouts out! Well, how good is it?"

"Even though you say how is it.....OOOOOOOOOOOOOOOOOOOH!"

Moving to an place Granny can't see from, I check just a little to see if it's great.....it became big almost enough that I feel bad! A large penis is a man's romance!!

"AWESOMEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEEE!"

“W, Well, then you understand. By the way, basically gold and above effects are intended to become long lasting.”

"Roger!"

"When you want to break this handheld contract, you should individually come here. Oh, it absolutely never breaks, and everything else is free of charge except with the capsule toy.....a guy hasn't canceled it so far."

"I thought you'd say that. Why is it free?"

"Lad, is the card itself powerful due to how it's used? Furthermore, it's only 100 yen."

"Sure."

"As your level raises, that is the status also rises amounts if you pull cards, you obtain a strong trump card. Without a capsule toy most human being can't put on, hehehe!"

The grandma's laughter is creepy. But I understood the thing she wanted

to say. I mean, an ordinary smartphone only charges 10,000 yen if it's for one month, but if it's this magic smartphone it seems whoever thrust as much money as one likes.....

"It's only 100 yen, be that as it may it's 100 yen lad! At best, it gives this old woman a profit. Hiyahaha!"

Sidelong glancing at the damn hag's laughter, I leave the smartphone shop behind with a bad feeling. Well, I wouldn't be coming here again.....
obtained a magic smartphone, I return home while being a little excited
.Since school is tomorrow it's going to be just a little, no, quite enjoyable!

Chapter 2

Monday morning while stretching myself, I got out of the futon and then squirmed into my uniform. My high school is Black Peak High School, the uniforms' are black from top to bottom and a red tie brimmed with an impression of cutting corners. For some reason the girls enter into a squeal to the pretty black sailor suit, but it can't be helped since the male to women ratio is one to four.

Midorikawa Private Boy High School pretty much is a Metropolitan High School where boys hit for a higher rank in education, but boys aim similarly Shinkawa all boys Private High School that's just a little under. However I hated the extended commute time of 30 minutes that was even more than Black Peak. Therefore, I had a mind to die studying for the sake of entering into the number one closest Black Peak High School.

One of the reasons Black Peak High School has a numerous woman ratio is the cute uniforms, but with the exception of the super rich girl's White Lily academy next to our school, since it's by far a considerably selected school . It may be one of the reasons why boys receiving our school's tacit consent decreases so.

It would seem that was the reason why my elder sister went to the elite young lady's school, but for that reason I only had the choice of a cheap tuition for a Metropolitan High school.....seriously, I am passed pleased.....

Two houses are built on my house's premise. My archaeologist grandfather lived in one, but because he immigrated to overseas, I move

into the house for a small single life! My considerably wonderful castle has a bedroom, mini kitchen, toilet, bath, and a more or less study room! It is a one story house, however.....I can watch AVs and hide erotic books as much as I like! My elder sister doesn't come for various reasons.....

Dressed I went to the main residence to see on top of the kitchen table breakfast and only 1,000 yen. My parents go to work early in the morning and my older sister has club activities, and even though I got up fairly early today there is already no one.....I am really lonely

I washed down my older sister specially made sandwich with coffee, then washed the tableware and left the one person lonely home.

I arrived at the bus station by foot three minutes from my house, and a little of 10 minutes the school bus will arrives. It is wonderful the school commute time is short! However during school rush, when poor girl students begin to exceed the boarding rate of 90%, the White Lily academy group reasonably reserves the next bus to switch in.....

Ah I am! I am lucky! Looking at the female student waiting at the end of the line for the bus, I make a victory pose in my mind!

Beautiful Misaki Nana-san. The White Lily Academy's uniform is a white sailor suit lined with good quality dark blue cloth, although the skirt is a mini skirt touches to the knee point, it is a pretty design which seems likely to even come out in a gyaru with a strange neatness.(Gyaru is an adult game featuring beautiful women)

Nana-san is a beautiful girl with shoulder length hair at the scruff and bundled up in a slightly longer red ribbon. She has large eyes and a

bright smile, belongs to the same archery club as my older sister so she has lovely posture, and of course a good figure as well.

Nana-san appears to have a crush on my older sister, sometimes if they meet she occasionally talks with my sis by the bus. Now, it isn't an exaggeration if I say I want her to be my only one best girl.

To be capable of photographing with my smartphone's camera mode, I purposely drop my smartphone to her feet when I approach her.

"Ah, excuse me."

"Here you are", when Nana picked up my smartphone she handed it over to me, and pretending to check whether it wasn't broken I got her picture! What? You say unskillful acting? There are also male students here and there, but I respect a guy if takes a photo with his phone out of an superabundance of women!

"Aren't you accompanying with the chairman today?"

"Well my older sister was fast in the morning."

It is unbelievable, but my big sis is the student council president of White Lily Academy. Although she's quite untidy when she's in the house, from the outside she's just charming. No.....she can study, and more or less also has good reflexes because she's the head of the archery club.....I had also passed high school thanks to my older sister, she's also a beautiful woman as our mother.....and I am unbelievably normal.

And then when Nana-san spoke 2, 3 words, my burden healed in time.

"Hey! Eguchi! Don't pick up school girls outside of your circle by morning!"

When being startled I turned my head back, I was being scowled at by classmate committee chairman Nagase Mai. In a black sailor suit that is the opposite with White Lily Academy's, the beautiful woman with neat short hair and little smug almond eyes is the daughter type that's popular with girls. Last year's Valentine she received chocolate from girls in mass! That one time I thought I wanted her to divide it with me.....

"I am not picking upppp! I had only thanked her for picking up my dropped smartphone. She's also an acquaintance since this person is my older sister's junior! Anyways, your voice is too loud!"

"Humph, you bought a replacement smartphone?"

"Yes, because of somebody!"

"Those three fools are hateful, aren't they?"

The cause of my broken smartphone are three idiots of the 3 People Delinquency, I'll stop the details at there. Well, I somewhat understand her since I also felt irritated at those three idiot.

"So, you're not pestering?"

Mai turned her face away in a huff, can I rape this fellow shittt? So damn conceited. The person herself has a strong sense of justice and her good will is popular, but I don't get it.

Because I was entangled with Mai, I wasn't able to talk with Nana when the bus came and ended up moving to the back seat. Please don't bother my freaking happy moments! Will this card make her into a sex slave!? But even if I get angry I think I'll only regret it if I do a stupid thing..... calm down me.....

I take out the 『S S R – A Person Sex Slave Meat Toilet Bride』, set the photograph of Nana on my smartphone's screen, and so that the card can be absorbed in the smartphone it turned into particles then vanished. With this Nana-chan is my bride! I don't know how she'll act since the card's description is too short, but tomorrow I intend to ambush Nana-san at the bus stop and see the reaction.

The bus arrived before school and the girls descended by order. Nana had passed through the gates of White Lily Academy while talking with a friend.....

Well then, I go for purchasing a lunch and insure I have 100 yen! With walking at the opposite direction from White Lily Academy, I pass through the gates of my school and go to the cafeteria of the slightly remote place from the school building. Since there are many club activities with early morning training, bread is sold next to the cafeteria by morning.

It is 300 yen with 2 packs of bread and milk coffee, because I can also buy milk coffee going home I calculated 600 yen to be used in the smartphone. If I don't decide a maximum limit, it's clearly likely I'll spend

money endlessly for effect cards.....

Taking my 100 yen change, I start the capsule toy! Now, what kind of cards will come out~

『N – Gag 』Set and attach it to target : After 30 seconds will be forced to do a gag.

『N – Sliding Banana』Set the card face down on the ground. Slips on a banana peel.

『N – Chicken Bastard』Exclusive use for men – Set and attach it to target – Will come to love chicken

『S – Stamina +2』Set on smartphone – Stamina rises 2 in status

『N – Banging On the Wall』Set and attach to target – 30 seconds later will bang their head on a wall

『N – Walking Looking Upwards』Set and attach to target – Can only see up for 30 seconds

The banana appeared again..... Chick Bastard is really a bird lover.....W, Well let's first of all use it to test out the effects!

First I set the silver stamina +2 card on the smartphone, but there isn't some actual feeling when the card activated. So 2% increase? When I open the status screen, oh! My stamina has become two. But, that was

simple.....

Pulling myself together, I put two Sliding Bananas and Barrel Drops in the three idiot's hangout on the 3rd floor of the stair's landing then go to my classroom. By the way those three idiots Mishima, Baba, and Kashima aren't stupid enough to be called by their first names.

Entering the classroom as I bear my bag, I promptly pasted [Walking Looking Upwards] and [Banging On the Wall] by slapping male students near me on the shoulder while greeting. I was able to put it on without being suspected, I wonder if the cards cannot be seen by other people?

If I look at my watch while counting the time, the person will suddenly jump on the desk after just 30 seconds,"Comaneci! Comaneci!" Is that the gag? As I was laughing, the second person hit the classroom's wall good and caused a fuss.....it seems quite painful.....I hold my fist and sit. In a moment the third person rushed up to that person, he suddenly looked upwards and caused a great panic by crashing into the second person.....

It is unwise, but being a prankster is too fun! It's quite the sketch comedy. Mia strikes and yells at those three people such things like reflect, but for those three people when it rains, it pours.....sorry!

When the trifling uproar resolved, a student in the window side had begun to make a fuss this time. When I returned to my seat [1] (The end side window) there are three ambulances in the school. At that time, the door of the classroom bursted open and the homeroom teacher entered.

[tl: [1] = classroom seat.]

"Quiet! Hey! Sit down there! It seems Mishima and the others have fallen from the stairs. It isn't life threatening, but all three seem to have bone fractures. The head is lightly hit also, so an ambulance came. Don't make a lot of noise."

"They accidentally fell down the stairs?"

The one seated next to me raised their hand and asked the teacher.

"They said their foot slipped on a barrel. They were playing and joking around. Really, everyone be careful!"

""Yes""

It is the power of the cool cards.....I wonder if smartphone revenge was a bit much.....Well, since they harassed and also pester me a lot, I don't feel that guilty.

Oh! I raised up to level 3 before I knew it! Shutting out the nagging homeroom teacher's words, I'll postpone the status and try to level capsule toys ! Every time the thing's level rises once I can draw twice! Push!

『S R – Rape Exclusive Meat Slave』

Only for women – How To Use – Set Keyword

When the photograph is set the target will become an exclusive use

meat slave to the contractor when hearing the keyword. Will desire to be raped towards the contractor, compulsion sexual urges, and sense of pain will be changed into pleasure.

『G – Squirting Girl』

Exclusive Use Females – How To Use – Set Picture – Sensitivity rises and cum squirting heightens

Are these good or bad pulls.....why are they sexually related! Although I am very happy!

I'll take a photograph of Mai in secret and immediately put the 『S R – Rape Exculsive Meat Slave』card into use, a perfect keyword will be 『Conceited Short Hair』!

I'll use the 『G – Squirting Girl』card on Nana! I want to see the neat and clean Nana indecent!

I'll stick the 『N – Chicken Bastard』card on the male student in the seat before me, since I don't know how to use this effectively if I do use it.....well, there will be no harm even if he becomes a chicken enthusiast. Slap!

Afterwards I could've allocate 2 points in my status, but I decided to wait and see from stop activating them for now. Well then, I used up all my cards and later I'll make a opportunity for Mai and me to be just the two of us!

Old Woman : "Well it seems that boy has received a wide variety of things."

??? : "Teacher! There isn't the black smartphone which was here...."

Old Woman : "Don't surprise the elderly! Yes, that was sold to a kid."

Disciple : "To a boy!? That prohibited R18 Erocapsule version!?"

Old Woman : "It was bought so.....Well, I don't mind."

Disciple : "Haa.....If teacher says so....."

Old Woman : "And that card. Somehow my forgetfulness has been severe these days."

Disciple : "....."

Chapter 3

The opportunity to be alone with Mai has quickly arrived. When the three idiots, who were attacked at the back, apparently made a fuss with having seen a person's shadow, the police came and the afternoon classes no longer occurred. When I finished changing clothes to return to the classroom, because there was only PE class, the bloomer wearing Mai ordered me to move flower arrangement club's items. I felt irritated, but the chance has arrived!

In fact, both Mai and I are members of the flower arrangement club. I don't partake in club activities though.....The thing is at first, when I had passed in January and entered in, I, who still didn't know Mai's character, was invited to club activities together with upturned eyes, and then easily wrote my registration to join the club.....

The members in the flower arrangement club then were fourteen people, and our school seems to specify that a club's budget increases with every five members, so I was scouted by the club to carry packages and to up the budget. If I just avoided that honey trap.....I wouldn't need to associate with Mai at every chance.

Return my frickin' pure heart (ulterior motives) at that time! Is that a sure-bring-death trap for targeted male high school students? Mai is usually shown a delicate, beautiful high school student. How many times have I thought of greatly opening that person's thighs, and hammered in my penis!

With both hands, I carrying the ridiculously heavily container used in

the flower arrangement club and unsteadily follow Mai. She is only carrying a bag that appears to be light! What is "You are occasionally useful for the flower arrangement club", there isn't a man who would generally join with more than ten girls! In the first story, was it, "There are only two members"? Scamming is also her strong point.....even so, that's until today!

"I was saved! I wasn't able to hold that."

"I don't mind, however, unlock it quickly."

When I take off my shoes and enter inside the activity place of the flower arrangement club, which is a shared former night duty room with the tea ceremony club, the tool storage and restroom is at the right side, and the cooker put in with the shower room and simple sink. The left side has two Japanese style rooms divided with a twelve-mat sliding paper door, which is always tidied up neatly. The activity days of the Flower Arrangement Club and Tea Ceremony Club are very standard club activities, which part time lecturers come from White Lily School twice a week.

When I put the ridiculously heavy case on the tool storage shelf and turn back to the hallway, Mai seems to be checking the key for the Japanese-style rooms. An opportunity, I close the entrances lock and approach Mai.

"Conceited short hair."

When Mai heard the keyword I spoke of, she turns around revealing angry, and tries to say something to me.....she couldn't say it. Mai

presses her chest with both hands as her face is bright red, and with her upper body falling slightly forward, the inside of her thighs shook. She stares at me with wet eyes and flushed cheeks, somehow going beyond erotic.

"U.....What is this....."

"Are you okay?"

"D, Don't come, thank you! You can return now, bye-bye."

Mai grumbled as she talks fast to me, but I won't return that easy! But I must say, the gap moe with her cheeky erotic face ecstatic my lower body! Her delicate, white legs with bloomers are also charming.

"Nnnn!? Nnnnnnnn! Noooo.....nnnstopppp!"

Pushing my lips on her soft ones, I seal her words of resistance while binding her waist with my left hand, and massaging her appetizing fruit with my right.

"Nnnn, Nnnn, chuuu.....where are you.....kyaa touching there is no goodd, nnNnnn"

Mai seems to have put on a sports bra. I know the soft, small-sized touch well even from on top of her clothes.

"As you say no, you aren't pushing me away."

"Kyaaaaa, there is unpleasantttt, yaaaaaaaaa"

I go around the back of Mai, whose strength thereupon leaves when thoroughly enjoying a kiss with the opposite sex, and thrust my finger by the inside of her bloomers to her panties, tracing her secret line with my index finger and massage her breasts directly with my left hand.

"What is there?"

"Separate, iyaaa, your right hand at that spot! It is gross iyaaa"

"Huh?"

Gross! That being the case! Inserting my right hand in her panties, I pick up a small bump with my fingers and twist it. I torment the pretty nipples at the same time.

"Oww, ah, haa! W, What now...haa haaaa!"

When my fingers play with her, the body pops and her adorable voice gasps. She is both breathing heavily and bright red. Moving my finger under the clitoris line back and forth, her pleased opening made a splashing sound.

"Ah.....nahaa, d, don't listen, YAAA, AAAH, YAAAH, NnHAA!"

She noticed the indecent sounds of her vagina and began to act violent

with teary eyes, but stop resisting whenever I tease it. It somewhat greatly excites me!

The moment I put my finger in her vagina, she collapsed down, and while covering her chest and crotch by hand, she crawled to take distance with me. She looks up at me with teary eyes; it may be a silent appeal, but it does the opposite effect for the current me!

When I throw off my pants and trunks, I silently show off my big magnum for Mai.

"Hiiii, noooo, disgusting! That.....is impossible....."

"I'll smash your insides and make you a woman!"

"UU.....this boy! After this I'll tell a teacherr!"

"That being the case, I will mess up virgin you!"

"Absolutely noooooooooo"

She struggles on the tatami mat with trying to escape from the weirdly large cock, but her body doesn't contain the strength, and her body becoming even more excited, she pants further. Pressing down the struggling Mai, I infix her distorted position while I shift her worn panties to where the bloomers are on the knees! When I shifted her panties, she was surprisingly shaved! The longitudinal stripe, which was blank without a single hair, was purely beautiful, and the thing clitoris was adorable, too. Rubbing my dick on her warm private part, the silky softness felt

good.

But, when watching her sobbing face, I even came to feel sorry.....I also considered her for the first time, but.

"Enough! It isn't fine to put it in! This pervert! I'll absolutely make you regret it!"

I snapped. If she frailly begged I would have quitted it, but it's fine to rape this cheeky fellow, yeah?

"Then, let me accept your offer!"

"Gyaaaaaaaaaaaaaaaaa, annnnnnnnnn, it hurtssssssss, what is thissssss!"

I forcibly pried open her small hole so that my penis would enter. The effects of the card also changed the pain in her body into pleasure, but there seemed to be a time lag. Pushed her tongue out in pain, she later screamed, bent back, and her face melts having accepted the pleasure. When I go through her vagina wall that's wet but tightly squeezing my penis, I bumped into something.

"My penis is kissing your hymen! Now, I'll smash it down! Take this!"

"Ghaaaaaaaaaaaaaaaaaa, noooo! The pain is goodd! Au, w, what is this, flyingg! I am flyingggggggg!"

When the head of my penis tears her hymen and knocks the cervix, she

climaxes while crying.

"Cumming by having your hymen torn and raped, your body is lewd."

"Auuu.....don't say.....anymore.....don't lookkkk, quickly ejaculateeee"

As a small, frail voice is muttered, extremely adorable Mai, whose face is dyed with shame, desperately tries to cover it by the hand.

When my cock is pulled out, blood of her maiden proof dyed her white panties

Tearing off her bloomers as I smirk, I grasp her thin ankle by hands, opening her thighs greatly, and hammer into her waist. She twists her slender lower back and resists, but in contrary, ends up interlocking with the movements of my waist, disheveling her short hair, gasping, and her delicate limbs shaking up and down. Although she's occasionally in pain, the shame and pleasure raises a coquettish voice. And as the large drops of tears were shedding, she seems to be confused at the reaction of her own body.

"W, Wh.....what!? Nn.....ahhhh, my body.....is good on its ownnnn! Naaahh! Aaaaaahhaan! Stop.....now.....don't moveeeeeee, auuuuu.....it's good nowww, stoppp"

"What you say? You're closing tighter and tighter there, and you have a greedy face, too!"

"T, That is different! Now, ann, stoppppppppppp!"

Her sticky flesh coiling around mine feels the best! My huge weapon spreads her, and every time I gouge out her depths the vagina squirms and tightens. The pleasure of the spreading the woman's legs open and hammering my penis, the always saucy, frail little girl also has a lewd face, screaming and moaning, and is spouting fragrant sweat with tears spilling. Her panties soggy with blood, sweat, and sexual fluids, my dick thrusting was making obscene sounds with the intention to cremating.

The sassy Mai's tiny, cherry blossom tits were pointed out.

"Naa!? Dangerous! I'm about to my limit: I'm letting it out!"

"Anauuuu, it became somewhat bigger.....letting it out!? You cannot insideeee, stoppp. Of inside, take it out of inside, anuuuuu! I don't want a babyyyyyyyyyy"

"No one is coming to help! Mai! Your womb is confessing that it wants to be pregnant! I'll make you mine!"

"No, no, no! If you really let it out inside.....hhhhhhhhhhhhhhhot is gooddd. It is coming outttttt.....y, you really let it outttt, even though I said no.....Annnnnn"

Thrusting inside her to the utmost, I pour my thick milk that I endured so far. Her intravaginal boils hot in oppose of her words of hate, and the wiggling vaginal wall held my large penis fastened, maneuvering like the womb is drinking the semen I threw out.

Mai, whose body is bent, takes my blow while romping around, and gave a moan with teary eyes.

"Oh boy, a lot came out. Hey, if this much was let out, you might become pregnant. That isn't good since you're cute."

"C, Cruel.....now.....the worst.....I, I'm not able to.....wash....."

For me to ejaculated this much, I'm refreshed! Mai is the best! Pulling out my penis from her, blood mixed with semen falls from her vagina and spreads onto the tatami mat.

When I stand up and look down on her, her dead looking eyes stared up on the ceiling, dazedly. Are these the eyes of a raped bitch!? She repeated, "I have to wash" while sobbing like a child, and hugging her freed limbs, she sobs.

As one would expect, it's impossible to have sex with her anymore..... but, strangely, I had no guilt for her. Sealing her mouth, I took three pictures with my smartphone, put on her trousers, and I left that place.

"And Mai, I give you my best regards!"

While I leave calling out to her, I head to the bus stop to go home.

This magic smartphone is the best!

Chapter 04

Having raped Mai, I went back to the classroom having remembered I left my bag when tomorrow is a holiday. I wonder if I should spend another 100 yen after school since a drink isn't necessary. Ah, I rose to level four!

Having started with a level, I'm excited to see what card I got!

『R – Romance gun of the Orc King』

Exclusive Use of the Contractor – Summons Orc King – Sperm Quintuple
– Super-peerless Romance Gun

Hold me up, worship me! If you wish for my own power, I will give it! (1)

Waaaaaahhhhh! Perhaps my luck from yesterday has exploded! Real luck is really amazing!

Oh yeah, oh yeah, oh yeah! After its' arrival on the smartphone, I continuously did a guts pose in the classroom. Huh? Something from that old woman? That cackling witch laugh is unpleasant on the screen...

"Yes, who is this?"

"Hehehe! Well, it's me; it appears you've really got your money's worth."

"....."

"No need to be so cautious. The money you used to pay for those capsules has become mine, hehehe!"

"So?"

"Ah, the cell phone I gave to you was mistakenly an Erogacha of my apprentice. Although I had said I had made it, I guess my apprentice did."

"O, Oi! I'm currently not ready to, so don't say to return it!"

"Calm down! The contract concerning us is absolute! But, I wanted to warn you."

"Ha, warning?"

"Your spirit has been affected as of when you didn't know the bounds rare cards have; Hmmm, I guess I don't generally explain this. Spirit and intelligence are beneficial, but it keeps waving one's sexual energy alone."

"Eh, affect....."

"Because of that effect, it produces a status. That one is the variation of 'I have this' and 'I do not have this'" (2)

[tl: (2)(TLNY: If no one gets this, the grandma I believe is saying you will start to think nothing more than objects for your own greed.)]

Shittt! A a strange trap was made!

"Hehe! We. Like observing humans. People changing with power, people who don't, people who go mad, and people who go to despair. In order to get power, is it not natural to undergo its influence?"

"That is true, but wait a minute, I raised my stamina, but I didn't really experience it?"

"Lad, no human usually uses twenty percent of their power. At that turn, you suddenly put on one percent. One percent is surprisingly large. If you were to promptly change with updating settles, would you like to suffer agony by muscle pains?"

"No, I am good....."

"Next! The potential on and off effect of the card is on the summary; I had forgot to tell you, hehe."

"You forgot!"

"Do not get angry, lad! That is all I'll be discussing. My apprentice whom made the phone is also mischievous and a perverted kid. You two are alike, kukuku"

"Ah, hey, wait! Tsk, to have hung up, that damn old woman!"

That goddamn old woman: the timing of the phone call was when I got to level four with three points. Following her warning, I fiddled with the smartphone's intelligent, spirit, and energy to one, and the feeling of my slightly high tension calmed down. That may have also caused my aggressiveness to Mai..... well, what's done is done.....

Aside from that, I go to the backyard with my bag, make sure that nobody is there and take out the Orc King card.

“Orc King! Come to my side in accordance with my oath! The thing I desire is thou power! Summon!”

I raised the card loudly and cried out a speech smelled of chuuni. No, although the words weren't really necessary, isn't it a magical summon card? Isn't it expected that you can't get in the mood with silence?

The card shines, and immediately after a magic square of a hexagram appeared on the ground, which a two Monster showed wearing a dazzling western style armor. Agh, the face is one of a pig and the body is fat as well as robust. The impressive face was overflowing with intimidation.

“What is thou own stand that is worthy to wish for my own power?”

“It is I! I am your contractor!”

“Good, then my contact owner, I will abide to the contract and you shall receive all this old world power! Guooooooooooooo!”

The features of the Orc King crumble with his serious tone announcement and disappeared into particles with a single drawn breath. I am filled with power! Although it is mainly only in my dick! I know it since my ball sack seems like it will burst! This is dangerous.....

“Hey! Eguchi, you're still here! Go home quickly!”

Startled, I turned behind to see the class teacher running up to me in a daunting pose.

"S, Sorry."

"Just now, I saw something of a suspicious tall man....."

Gah! Was I seen!? I flusterdily dodged the teacher's question, who was restlessly searching around the vicinity.

"Hey no, it's just me."

"It looks like.....it's you and Nagasa, but why are you still here?"

"Eh? I took a nap. Is something wrong with Mai?"

"Umm, I called out to her since she was walking strange with a deep blue face, but she say everything was fine and went home. With the Mishimas, there has been quite amount of things I'm worried about."

"That is right, but if she said it's nothing, it's fine. I was also leaving soon, excuse me."

"Y, Yes, please return home safely."

"Yes!"

Phew, that was close.....I wonder if it was safe have had her left by herself? When I look at the time, it nearly already four o'clock. I ought to be leaving.

I pasted through the back garden, went out of the school's gate, and got to the bus stop. The spring breeze of May feels good. When I boarded the bus that came and took a seat, Nana surprisingly called out to me and took the next seat.

"How do you do? Is it fine I sit next to you?"

"Of course! Please."

Nana, who was carrying a somewhat big bag, didn't even say a single word as she hanged her flushed head down. At this time, surely a guy would come out with a clever one liner.....

With the awkward silence, I got off to the bus station with Nana-san. Incidentally, when we got slightly away from the bus stop, Nana suddenly stopped walking. When I turned around, she fixedly looked at me with dim eyes.

"U, Um!"

"Y, Yessss!"

"I....."

“Huh? Nana-san?”

“Please go out with me!”

Uoooooooooooooooooooooooooooooooooooo! My first confession in my seventeenth year old life spam~! Moreover, it is from Nana-san! Although it because of the magic smartphone, I feel really amazing!

“Ummm.....”

‘Eh?’

“Your answer.....”

Oh! I forgot to reply with being so delighted.....When I bowed my head and said,“Please take care of me!” Nana-san looked down, becoming bright red, and began to smile toward me like a flower!

Chapter 4

Having raped Mai, I went back to the classroom having remembered I left my bag when tomorrow is a holiday. I wonder if I should spend another 100 yen after school since a drink isn't necessary. Ah, I rose to level four!

Having started with a level, I'm excited to see what card I got!
